

# Summer Activities in Clovis and Portales For Military Youths at Cannon AFB, NM

**March 2008 (First Edition)**  
**An unofficial publication for military  
families**

March 2008

*To Cannon AFB Military Families!*

*Hello or Welcome! This pamphlet was developed as a result of numerous inquiries by military families for information on programs and activities available to youths at Cannon, and in surrounding areas during the summer period. We decided, as a volunteer effort, to collect and collate this data in one document that we could provide to families already here as well as those transferring to Cannon in the near future, as part of their welcome aboard packets. Our timeline was short because several programs are near registration, so it remains work in progress which we will continue to update as we go along and, hopefully, with your inputs.*

*The intent of the pamphlet is to provide sufficient information for families to begin checking into areas of specific interest to them. It is only a catalog broken down into various categories, which will hopefully help you find programs of choice for your children. To our surprise, we found that there are a lot more choices and opportunities than we assumed we had in this area. That was very good news!*

*We intentionally limited our collection effort to summer activities for youths of all ages, although many of these programs will spill over into the school year. This listing does not constitute any endorsement or recommendation. We did however provide anecdotal notes where we heard repeated comments about particularly good programs for military youths.*

***This collection effort remains ongoing, so we need feedback on how to improve the pamphlet. Please keep us informed on any new activities you discover and to let us know if we have unintentionally provided bad information. Our contact data is listed below. We hope to continue publishing updated versions in pamphlet format but our goal also includes a web site accessible to anyone coming to Cannon or already here. More on that later .***

***Please send us comments and feedback to improve the contents of this pamphlet at [Plenfant@msn.com](mailto:Plenfant@msn.com) or [twoblessings@hotmail.com](mailto:twoblessings@hotmail.com). We will respond to all comments. Copies on request by email.***

*Thank you and enjoy,*

*Phil Lenfant and Brenda Dunn*

**Note: Area codes 505 and 575 are interchangeable until Oct 2008**
